## ABOUT ME

I am a passionate web developer with a strong focus on building dynamic, responsive, and user-friendly applications. Recently, I completed my Associate Degree in Programming (magna cum laude) at AP University of Applied Sciences and Arts in Antwerp.

Currently, I am pursuing a Professional Bachelor's Degree in Applied Computer Science at the same university, further deepening my knowledge of software development and computer science.

My expertise includes full-stack development with React, Next.js, Node.js, and related technologies. I enjoy solving complex problems, transforming them into intuitive user experiences, and continuously exploring new tools and frameworks to expand my skill set.

## TECHNICAL SKILLS

Programming Languages & Frameworks:

- Node.js
- React
- ASP.NET
- TypeScript / JavaScript / HTML / CSS
- C#

Databases:

- MySQL

Version Control:

- Git

Testing/Automation:

- Selenium and Playwright
- Postman

Software & Tools:

- Adobe Photoshop
- Microsoft Office Suite (PowerPoint, Word, Excel, etc.)

Soft Skills

- Strong communication skills

## LANGUAGES

Dutch – Native

Polish – Native

English – Fluent

French – Basic

## PROJECTS

Test Automation Code Generator

Brightest – February 2025 – May 2025

- Built a custom tool to automatically extract Page Object Models from GitHub repositories and generate corresponding test code
- Developed using React, Next.js, MongoDB, and integrated Microsoft Authentication
- Designed and implemented parsing logic for JavaScript, TypeScript, and C# source files

Atlas Copco Logger/Display App

Development Project – October 2024 – December 2024

- Worked as a full stack developer on a web application for logging and visualizing industrial equipment data
- Implemented secure user authentication and role-based access control using Auth0
- Developed robust C# API to ensure smooth communication between frontend and backend services

## EDUCATION

2025 – Present

- Professional Bachelor in Applied Computer Science - AP University of Applied Sciences and Arts, Antwerp
  - Continuing my studies after successfully completing the Associate Degree, now focusing on advanced computer science, software development, and applied IT practices.

2022 – 2025

- Associate Degree in Programming (magna cum laude) - AP University of Applied Sciences and Arts, Antwerp

2019 – 2019

- Secondary Education Certificate – Social and Technical Sciences (STS)
- Exam Commission, Brussels

2000 – 2019

- TSO – Technical Sciences
- Sint-Ludgardis, Antwerp
